

## Powered stair climbing evacuation & rescue chair...

### What is an Escape-Chair® VOLT?

An Escape-Chair® VOLT is the **POWERED** solution to evacuate & rescue people to safety in a seated position up and/or down a flight of stairs. A simple procedure can make the Escape-Chair® VOLT fully functional within a few seconds.

### How does the Escape-Chair® VOLT work?

The Escape-Chair® VOLT is operated by a self-explanatory control panel with display on the operating handle. After unfolding the Escape-Chair® VOLT it is immediately ready to use.

A single operator can push the operating handle down in the direction of the stairs.

### Advantages of the Escape-Chair® VOLT:

- Powered support makes going up the stairs much easier for operator.
- Ideal for quick evacuation (3 speed descent).
- Lithium cell enough for up/down 100 floors.
- Single operator chair.
- Ready to use within seconds.
- Easy to use and operate (wireless).
- Equipped with arm- and footrest.
- 3 height adjustable operating handles.
- Flame & heat resistant seat, headrest and dust cover.
- Battery indicator on display control panel.
- LED light for dark environment evacuation.
- CE certified.

### Our advice:

Make sure you have an Escape-Chair® VOLT available in your organization so that you're prepared for any evacuation and/or emergency, for up and/or down evacuation.

"Failure to prepare for an emergency has its consequences."
