

# Escape-Mattress® STRETCHER

## 3 in 1 solution ...For the professional

### What's an Escape-Mattress® Stretcher?

The Escape-Mattress® Stretcher is the perfect piece of rescue kit that has 3 FEATURES in 1! A stretcher mattress, a drag mattress & carry mattress. This makes the rescue for a professional rescuer easier and will also save money, time and space. .

### How does an Escape-Mattress® Stretcher work?

The Escape-Mattress® Stretcher, is "made to measure" so it can easily replace your existing stretcher mattress. With the towing straps and side handles, it can be used directly as an evacuation AND rescue mattress. The great advantage is that the mattress fits straight back on the stretcher, ready for transport.

### Advantages Escape-Mattress® Stretcher:

- Made to measure stretcher made by our own Production Department
- Made of high quality materials (fire resistance classification M2).
- Adjustable foot cover (patent).
- Extra-long towing straps to help operators with improved handling practices.
- Handgrips to assist with sideways manoeuvrability.
- Carrying people is no longer necessary.
- Ready for use within seconds.
- Glides safely down stairs.
- Easy manoeuvrability.
- Speed of descent is determined by the user.
- TÜV & CE certified.

### Our advice:

Ensure your stretcher is equipped with an Escape-Mattress® Stretcher.

Make it easy for a professional rescue worker to save as much time, costs and space as possible.
