

Escape-Mattress Mortipod

Hygienic, practical, easy to use and highly ergonomic.

The **Escape-Mattress Mortipod** is a new product that makes it easier to transport the deceased horizontally or over the stairs, with minimal impact on your back.

It is physically demanding work when having to carry the deceased through narrow passages and down narrow staircases. This has a major impact on the physical strain on people working in the funeral industry.

Through our experience and feedback from our customers, we have created an optimal solution. Our mattresses are CE, TÜV NORD & ISO certified up to 150kg payload

Transport of the deceased...

What's an Escape-Mattress Mortipod?

The **Escape-Mattress Mortipod** is a mobility solution for the undertakers. A deceased passing through narrow corridors and stairs from top to bottom is a heavy physical load. It is physically demanding work. The Mortipod makes it easier to transport the deceased horizontally or over the stairs, with minimal impact on your back. We guarantee the highest quality standards.

Advantages of the Escape-Mattress Mortipod:

- Safe and ergonomic on the stairs.
- Due to its narrow design, the Mortipod is very viable and therefore easier for use in narrow spaces.
- Handgrips to assist with sideways manoeuvrability.
- Ready for use within seconds.
- Extra-long towing straps to help operators with improved handling practices.
- Glides safely down stairs
- Carrying the deceased is no longer necessary.
- Easy manoeuvrability.
- Easy to clean (no Velcro used - hygiene).
- Speed of descent is determined by the user.
- CE, TÜV NORD & ISO certified.
